

**Roast to perfection**

This Electrolux gas oven has an extra-large cavity and a big grill surface allowing you great results each and every time. Your roasted dishes will always be grilled and browned evenly, looking and tasting just the way you expect them to be.

**Product Benefits & Features****Cook for everyone at once**

This oven offers you a great level of flexibility, which means you can cook even more at once. It has a 70-litre capacity and the largest tray around.

- Oven cavity size
- Oven
- Oven cooking functions

- Built-in HxWxD (mm)
- Electric cable length: 1.6 m
- Trays supplied with the oven: 1 Cake tray aluminium
- High gloss enamel oven lining, easy to clean

**The easy spit roast**

The rotating spit is the easiest way to guarantee the perfect roast, with a crispy crust and a wonderful brown colour all over.

**Keeping cooking times into account**

Your dishes will always be cooked wonderfully, thanks to a mechanical cooking timer that sounds an audible signal when the cooking time is done.

**Oven cleaning made simple**

Now, cleaning your oven has become so much easier. Our internal full glass door can be easily wiped down, for simple cleaning no fuss.
