**Save microwave settings for your favourite dishes**

Save your preferred microwave settings for quick and easy access with the Favourite function. Once you've created a programme, you can touch the star-shaped icon on the display to activate it. This means you don't need to remember any specific settings. It's all taken care of, at a touch.

**A microwave ReTurntable that remembers where it started**

We've designed this microwave oven so that dishes are always in the ideal position. This is because the door unlocks when the ReTurntable returns to where it started. No cup handles facing the wrong way, no hot plates in awkward positions. Just effortless access, every time.

Thaw your food quickly with our defrost function

Your frozen food is ready quickly, thanks to the microwave's defrost function. After you've selected the food type and weight, the microwave automatically calculates the time it will take. It then starts to thaw your dish while maintaining both the flavour and texture.
