

**Look fresh and crisp**

Refresh and de-wrinkle garments easily and effortlessly. Thanks to an easy set-up, it is ready to use in seconds. Simply pick up and use whenever your outfit needs a freshen up. No need for an ironing board, you can steam directly onto the hanger.

Product Benefits & Features**Flexibility and convenience**

Steam easy with our flexible nozzle and soleplate. It's no problem to steam your garments with the durable Nozzle and Glissium soleplate conveniently. The scratch-resistant and easy gliding design ensure comfortable use for optimal steaming.

- Removable water tank
- Continuous steam rate (g/min)

**Removes 99.99% bacteria***

More than just de-wrinkling clothes, ExtraHygiene steam refreshes and cleans your garments by removing 99.99% of bacteria within 1 minute*. The steam function sanitizes your clothes without the need to wash. Now, you can wait longer to wash - while preserving clothes and the environment - by

**Refresh and revitalize**

Freshen up your outfit between work and dinner or revitalize garments from the back of your closet. Steaming is a fast and simple way to give new life to your clothes between washes.

Refilling made easy

To make life as easy as possible, the steamer has a detachable water tank. This means you simply remove it, go to your nearest tap to fill up with water, then pop it back on again.

Accessories for better care

Specially designed brush that attaches to the soleplate means steam can easily penetrate thicker fabrics like denim. The two-in-one glove and bag shields your hand against the hot steam, and is stored away easily.
