

The complete cooling solution

The TasteSealFlex convertible compartment easily adapts to the temperature you need, giving you the freedom to store everything from fresh vegetables, to tender meat and fish, or cold drinks and ice-cream. You can always find the right space to keep your food fresh and full of flavour by choosing one of the five temperature

Product Benefits & Features

Fresh fruit and veg, all week

TasteLockAuto maintains a humid environment to keep fruit and vegetables fresh and bursting with flavour for up to 7 days.* A membrane automatically releases excess moisture to reduce condensation and stop your produce from spoiling early.
*Average food

Optimal cooling, optimal taste

TwinTech Cooling consists of two independent cooling systems that work together to keep your fridge functioning at its best, every day. One system keeps your freezer chilled, while the other controls the refrigerator to keep temperature & humidity levels stable.

Ice and water on demand

Enjoy chilled water and cubed or crushed ice through the fridge door whenever you need a refreshing drink.

- Inverter compressor

- Cooling system
- Chiller

Clean, hygienic storage

TasteGuard deodoriser uses a carbon filter to keep your fridge fresh, hygienic, and free from unwanted odours that can change the taste and smell of your food

Minimise the escape

Cool air escapes every time that you open the fridge or freezer door, slowing down the preservation process. Our SmartSplit door design has created 2 separate openings - one for larger items and the other for smaller. This means you don't have to open both at the same time to access items, preventing cool air from escaping &

Product Specification

Total net capacity refrigerator (litres)	363	ENERGY_EFF	3
Dimensions WxDxH in mm	W913	Frequency (Hz)	50Hz
Net Weight (Kg)	140	Fridge Gross Capacity (L)	413
Voltage (V)	220-240V	Main material	Stainless steel
Connected Load	468	Total depth including door and handle (mm)	749
Air space needed above cabinet (mm)	25		
Cabinet_depth	625		
Cabinet_height	1730		
Cabinet_width	908		
Color	Stainless steel		
Type of Controls	Digital		
Depth door open 90° (mm)	1189		
Inlet hose length (mm)	818		
Height lid closed	1782		
Height at hob (mm)	1855		
Installation type	Freestanding		
Width	913		
Gross product weight (kg)	145		
Product type	French door refrigerator		
Outlet hose length (mm)	949		
CAP_FREEZ_GROSS	267		
Total freezer net capacity (L)	222		
Total Gross Capacity (L)	680		
Grand total net capacity (L)	585
