

Efficient heating, tasty results

Our 300 Convection oven heats up faster than the average oven. The fan distributes heat throughout the cavity, meaning your food cooks quickly and evenly. Now, you can bake perfectly uniform biscuits without having to turn them halfway through.

Product Benefits & Features

Quick and effective, Even Cooking

Our Even Cooking system circulates heat throughout the oven, making sure everything is cooked evenly. All without the need to turn your dish. Our technology means your oven heats up faster saving you time and energy.

Easy cleaning with AquaClean

Cleaning after cooking doesn't need to be a chore - our oven cleans by harnessing the power of humidity. AquaClean evaporates the water at the bottom of the oven and steam loosens otherwise stubborn grease and residue left on its surfaces. So you can easily achieve a natural

Simple control with Minute Minder

Our Minute Minder helps you keep control of your meals. Just set the timer and it will alert you when the time has elapsed – because a minute can make all the difference.

Grill for golden results

From crisped bacon to bubbling mozzarella, get more out of your grill than ever before. Perfect for crispy chicken wings and melt in your mouth halloumi.

Bake more at once with the XL Baking Tray

Expand the realms of deliciousness with our XL Baking Tray that lets you to cook more at once. It's time to perfect fluffy cupcakes for a mid-afternoon treat or a savoury meatloaf for friends. Because more room means more great recipes.
