A photograph of a modern wooden building with a large, open, covered outdoor space. The walls and ceiling are made of horizontal wooden planks. The floor is also made of wooden planks. In the background, there is a dense forest of tall, thin trees. The lighting suggests it's daytime, with shadows cast on the floor.

BETTER LIVING

Hej världen

We are Electrolux. Born in Sweden, in 1919. For 100 years our innovation has made everyday living easier.

Now we're looking forwards, and aiming even higher. We're a forward thinking brand for people who want to live a richer, more effortless and sustainable life.

We assist those who like to create more. We serve those who ask for the most. Delivering excellence for the most demanding chefs and hotels equips us to really deliver for people in their homes. Well thought through appliances and services for high quality experiences.

The finest salmon, kept fresher and steamed juicier. The softest silk shirt, washed with greatest care, worn with joy. Breathing easier knowing that the kids are breathing healthier at home. Everything working for you and everything working together.

Because we know how much home life matters.

Home is the stage for much of life's drama. So we don't just help people cook, clean and be comfortable.

We design to help people live better, every day.

Making cooking experiences more enjoyable and sustainable

We believe that few things in life are better than enjoying a home cooked meal with loved ones. That's why we are committed to creating new ways and tools making it possible for you to eat tastier, healthier and more sustainably, together with family and friends.

A rich history of partnership with professional chefs has given us an expertise we place into our kitchen products so that you can get the most out of your kitchen.

Fridges that keep your ingredients fresh for longer. Hobs that not only know the exact temperature to cook at, but also work in harmony with a silent hood. A dishwasher that lifts the lower basket to a higher level making loading and unloading convenient. And ovens that add the right amount of steam to make your dishes juicier, crispier and tastier.

Beyond the creation of better taste experiences, we are determined to do everything we can for the health of our planet. By sharing new technologies and techniques that are both sustainable and innovative we offer a commitment to taste that makes no compromise. Simultaneously helping you to create delicious dishes that are better for you and the world we live in.

A more modern and mindful way to eat.

A century of professional expertise, in your kitchen

For generations of professional chefs, Electrolux has been the supplier of choice, so it's no surprise to learn that our appliances are used in almost half of the Michelin-starred restaurants across Europe.

Our professional connection provides a unique insight into the requirements and preferences of some of the most demanding kitchens in the world, which in turn influences the development of our domestic kitchen appliances.

The result? Timeless and intuitive kitchen appliances enabling you to taste and experience more with food at home.

Cooking

Electric Cooker range	18

Cookers key highlights

From the heat activated catalytic lining to the integrated one-handed ignition, discover a world of innovation. Here are some highlights from across our freestanding cooking range.

Oven Fan

Oven fan distributes heat evenly between top and bottom cooking shelves for consistent, great tasting food on every level.

Catalytic Oven

Heat activated catalytic lining inside the oven oxidises grease and food residue for quick and easy cleaning.

Integrated Ignition

Fast, safe and easy one-handed gas ignition.

Flame Safety Device

Automatic gas safety cutoff on oven, grill and hob if flame is extinguished.

Innovative Turnspit

Get the most out of your grilling with the new, easy-access solution for mounting the turnspit.

90cm Gas Cooker
EKK925A00X

Multi-function gas and electric
Effortlessly switch between gas and electric settings for superior grilling and cooking.

Integrated cooling fan
Integrated cooling fan keeps the oven door and control panel cool to touch.

Catalytic oven
Heat activated catalytic lining inside the oven oxidises grease and other food residue for quick and easy cleaning.

Oven fan
Distributes heat evenly between top and bottom cooking shelf, ensuring consistent and great tasting food on every level.

Features

- Separate oven/grill controls
- Flame safety device
- Integrated ignition
- Integrated oven lamp
- Longer turnspit
- Black enamel cake tray
- Integrated electronic timer
- 5 Gas burners
- Cast iron supports
- Glass lid
- Storage compartment
- Adjustable legs

Dishcare

Dishcare key highlights	30
Dishwasher range	32

Dishcare key highlights

However challenging the task, let an Electrolux dishwasher clean up after you. Introducing a handful of highlights from across our freestanding range.

SoftGrip
Say goodbye to hand washing your delicate glasses, with our clever SoftGrip wine glass holders, which keep glasses tightly but firmly in place throughout the full cycle.

Beam on floor
Intelligent illuminated feedback system indicates when the dishwasher is running and when it is finished.

SatelliteClean®
Complete coverage with SatelliteClean®.

Dishcare key highlights

ComfortLift®, the first liftable basket
Our award winning 900 ComfortLift® feature means that you no longer have to bend down to load or unload the dishwasher. With a light squeeze of the handle, the lower rack glides smoothly up to you. It's a world-first from us, for your comfort.

ComfortLift Dishwasher
ESF7760ROX

ComfortLift®
Equipped with a unique lower rack lifting mechanism to make loading and unloading dishes more comfortable.

SoftGrip holders
Gently, yet firmly, hold fragile stemware in place throughout the dishwashing cycle.

Beam on floor
Intelligent illuminated feedback system indicates when the dishwasher is running and when it is finished.

Features

- 9 Programmes and 5 temperatures
- Upper basket with FlexiLift
- Height adjustable upper basket, even when fully loaded
- Upper basket with foldable grids and soft spikes, stainless steel handle
- Lower basket with 4 foldable plate racks with ComfortLift®, stainless steel handle
- FlexiSpray Satellite spray arm
- Delay start option
- XXL dishwasher for RealLife loads, 10L extra internal capacity
- SensorControl dishwasher
- Beam on Floor with two colours

Laundry key highlights

With SteamCare and SensiCare Systems, our washing machines and dryers are designed to care for your clothing. Here are some highlights from across our freestanding laundry range.

Inverter Motor

Energy efficient and practically silent
Electrolux professional inverter motor
with 10-year warranty.

UltraMix Technology

Pre-mixes water and detergent before
they reach your laundry to maximise
cleaning power at a lower temperature.

SteamCare and FreshScent System

Fresh fragrance combined
with gentle steam to
refresh delicates.

DualCare System

Automatically adjusts cycles to
fabric types and load weights.

SensiCare System

Prevents over-washing by
automatically adjusting to
the load size.

SteamCare System

Adds steam to the end of the
wash to reduce wrinkles.

PerfectCare 600
Washing Machine
EW6F5722BB

SensiCare system

Prevents over-washing by automatically adjusting to the load size.

TimeManager®

Puts you in control of how long your laundry takes so your laundry fits into your schedule.

Delay start

Postpone the cycle for up to 20 hours for greater flexibility.

Extra large drum opening

Makes loading and unloading a whole lot easier – even bulky items.

Features

- Maximum spin speed: 1200 RPM
- Washing capacity: 7kg
- A+++ energy class
- Silk programme
- Out of balance control of the drum load
- Digital LCD display
- Fuzzy Logic technology
- Delay start option
- Anti-foam rinse system
- Child lock
- 4 Adjustable feet
- Anti-flood protection
- Inverter motor for increased performance and extremely silent working

- UltraCare system**
Pre-mixes for quicker, efficient cleaning – fibres protected with softener.
- UltraWash programme**
Maximum care and superb cleaning in less than an hour.
- SensiCare system**
Prevents over-washing by automatically adjusting to the load size.
- SteamCare system**
Adds steam to the end of the wash to reduce wrinkles.

Features

- Maximum spin speed: 1600 RPM
- Washing capacity: 10kg
- Silk programme
- Out of balance control of the drum load
- Fuzzy Logic technology
- Delay start option
- Anti-foam rinse system
- Child lock
- 4 Adjustable feet
- Anti-flood protection

TimeCare Washing Machine
EWF7040WSM

- TimeManager®**
Puts you in control of how long your laundry takes so your laundry fits into your schedule.
- AutoSense**
Adjusts wash time, water and energy to any load.
- Smart Restart**
Auto restart if voltage fluctuates.

Features

- Maximum spin speed: 1000 RPM
- Washing capacity: 7kg
- Silk programme
- Out of balance control of the drum load
- Fuzzy Logic technology
- Delay start option
- Anti-foam rinse system
- 4 Adjustable feet
- Anti-flood protection

TimeCare Washing Machine
EWF825ISXM

TimeManager®
Puts you in control of how long your laundry takes so your laundry fits into your schedule.

AutoSense
Adjusts wash time, water and energy to any load.

Smart Restart
Auto restart if voltage fluctuates.

- Features**
- Maximum spin speed: 1200 RPM
 - Washing capacity: 8kg
 - Silk programme
 - Out of balance control of the drum load
 - Fuzzy Logic technology
 - Delay start option
 - Anti-foam rinse system
 - Child lock
 - 4 Adjustable feet
 - Anti-flood protection
 - Inverter motor for increased performance and extremely silent working

PerfectCare 700
Washer Dryer
EW7W3164LB

DualCare system

Automatically adjusts cycles to fabric types and load weights.

SteamCare and FreshScent system

Fresh fragrance combined with gentle steam to refresh delicates.

SensiCare system

Prevents over washing and adjusts drying time. Retains your clothes look and feel.

Wash&Dry programme

Convenient care for your clothing at the push of a button.

Features

- Maximum spin speed: 1600 RPM
- Washing capacity: 10kg
- Drying capacity: 6 kg
- Condense dryer
- Wool program
- Automatic drying
- Drying by time
- Anti-foam rinse
- Out of balance control of the drum load
- Delay start option

Benefits overview

Cooking

-  Catalytic Oven
-  Easy to Clean
-  Flame Safety Device
-  Heavy Duty Pan Support
-  Innovative Turnspit
-  Integrated Cooling Fan
-  Integrated Ignition
-  Integrated Oven Lamp
-  Longer Turnspit
-  Multi-function Gas and Electric
-  Oven Fan
-  Removable Glass Panels
-  Residual Heat Indicator
-  Timer Function

Cooling

-  100% Frost Free
-  A++ Energy Efficiency
-  CustomFlex® Storage
-  Fast Freeze
-  Fingertip-proof Stainless Steel
-  FreeStore® System
-  FreshShield® Crisper
-  FreshTaste® Deodoriser
-  High Temp Alarm
-  Ice and Chilled Water Dispenser
-  Independent Fingertip Control
-  LED Showcase Lighting
-  Lightweight and Easy-to-open Lid
-  NutriFresh® Inverter
-  Shield Condenser
-  SpacePlus® Fridge Freezer
-  Spillsafe Glass Shelves
-  360 Air Cooling
-  NutriFresh. inverter
-  TasteLock Bin & NutriPlus™ Filter

Dishcare

-  Adjustable Upper Basket
-  AutoFlex
-  Beam on Floor
-  ComfortLift®
-  Delay Start
-  Modern Design
-  Quick Wash
-  SatelliteClean®
-  SoftGrip Holders
-  TimeManager®
-  Anti-allergy Programme
-  AutoSense
-  Delay Start
-  DelicateCare System
-  DualCare System
-  Extra Large Drum Opening
-  FreshScent System
-  Fully Reversible Door
-  GentleCare System
-  SensiCare System
-  Smart Restart
-  SmartSense System
-  SoftPlus Option
-  SteamCare System
-  TimeManager®
-  UltraCare System
-  UltraMix Technology
-  UltraWash Programme
-  Wash&Dry Programme

Leaders in sustainability

We have a strong track record in sustainable operations and are proud to be ranked among the world's sustainability leaders in the Dow Jones Sustainability Index (DJSI) for the twelfth consecutive year. DJSI World includes the 10% best-in-class economic, environmental and social performers among the world's 2,500 largest companies.

Our products

From a life cycle analysis, we know that our greatest potential to positively impact the environment is to improve efficiency of products during use. We know there is a market for products with high levels of energy efficiency and low environmental impact.

The way we work

Our commitment to sustainability is integrated throughout our organisation — from boardroom to product design; from factory floor to marketing and communications.

We are a globally recognised sustainability leader.

Greener Living

Big business is often seen as the main culprit in the global warming and resources debate, but it's easy to forget the environmental impact of ordinary households – 30% of global energy production and 20% of all CO2 emissions are attributable to domestic use.

Sustainability is where our heart lies because being environmentally friendly is simply good housekeeping. But we not only manufacture energy-efficient models. We also strive wherever possible to minimise our operation's impact on the environment.

True to our word

Electrolux is listed in the Dow Jones Sustainable Index as a leader in the consumer durable industry.

We've supported the WWF for 20 years and work in partnerships with universities to explore sustainable supply solutions. And we're proud to have won the European Commission's Sustainable Energy Award (Corporate Commitment category).

Green highlights

Infinite induction cooking

Up to 40% less energy than when using other electric hobs.

RealLife® Dishwashers

Astonishingly, hand washing uses 70 litres more water than every single RealLife® full cycle.

And the **RealLife® WaterSave** Dishwasher equipped with WaterSave technology and using only 50% as much water* delivers spotlessly clean glass and dishware.

It stores the cleanest water in the final rinse of the previous wash, inside a dedicated, internal 3.5 litre tank.

A+++ fridge-freezers

Outstanding energy efficiency for appliances that are always switched on. Consumes as little energy as a light bulb.

* According to Electrolux research 49,4% lower water consumption per place setting compared with all dishwashing models sold in Europe during 2013.
